- All work must conform to Manual of Uniform Traffic Control Devices and GDOT technical standards and specifications
- Shall provide crews for incidents, emergencies and weather-related emergencies on 24-hour on-call basis with 2 hour maximum response time
- Meet requirements of necessary equipment

Evaluation Process

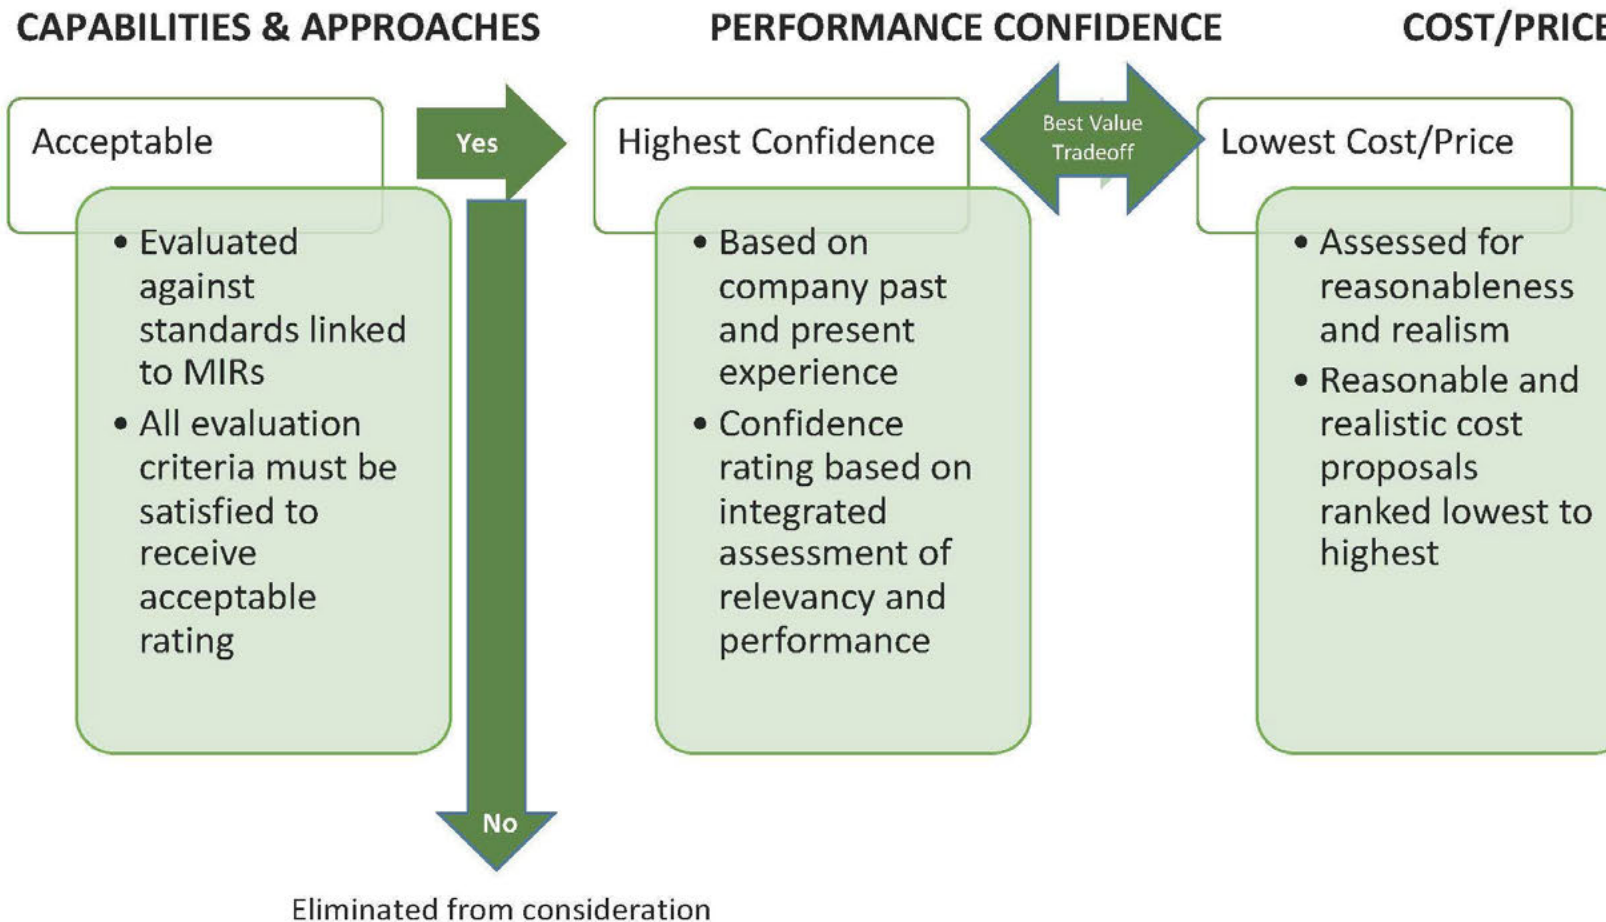

Most Important Requirements

- **Accountability** – Improved measures for meeting contract requirements
- **Responsiveness** – Timely response to requests and inquiries
- **Continuity** – Continuous high-level of service
- **Capability** – Increase capability and opportunity for innovation in functional areas
- **Reduce Cost** – Utilize competition to achieve best value

Performance Price Tradeoff (PPT) Best Value Evaluation Process

- PPT permits a tradeoff between price and performance in reaching the award decision
- Best Value Selection is the lowest (reasonable and realistic) Cost/Price with highest performance confidence among acceptable proposals

Evaluation Process Summary

COMMUNICATION

Point of Contact

- All communications between the City and parties interested in the general Field Services Procurements will be managed by Purchasing Manager, Nesby Ingram
- Until a contractor is selected and the selection is announced, elected officials, evaluation committee members, employees of the City are not allowed to communicate regarding this procurement. The City reserves the right to reject the proposal of any potential or interested contractor or vendor who knowingly participates in such violation (page 36)
- Mr. Ingram may be contacted by e-mail at ningram@sandyspringsga.gov. Please note that questions submitted via phone calls will not be accepted

Thank you for your interest in serving the
City of Sandy Springs!
